

TOMISLAV VRBICIC

Spacecraft Controller

+491782026523 tomislavvrbicic@gmail.com https://www.linkedin.com/in/tomislav-v-bb10ba270/ Germany

EXPERIENCE

Cybersecurity/ Bootcamp Participant

Code Labs Academy

07/2024 - 01/2025 Remote

Tech bootcamps in cybersecurity, data science, and web development.

- Completed a comprehensive program covering **cybersecurity fundamentals, penetration testing, and digital forensics & incident response (DFIR)**.
- Developed expertise in **Windows and Linux security**, file permissions, system utilities, and networking protocols.
- Gained hands-on experience in **penetration testing**, including reconnaissance, vulnerability scanning (Nmap, Hydra), exploitation, privilege escalation, and web security (OWASP).
- Conducted **cryptographic analysis and hash cracking**, applying real-world attack and defense methodologies.
- Learned **digital forensics techniques**, including Windows/Linux forensics, malware analysis, network packet inspection (Wireshark), and incident response strategies.
- Worked with **defensive security tools**, such as IDS/IPS (Snort), YARA rule writing, MITRE ATT&CK, honeypots, and threat intelligence frameworks.
- Completed **real-world security projects**, including hacking simulations and forensic investigations to analyze cyberattacks.

Spacecraft Controller at EUMETSAT

Serco Services GmbH | EUMETSAT

05/2023 - Present Darmstadt, Germany

Spacecraft and Ground Segment Controller for Meteosat Satellites

- Operated and monitored spacecraft systems, ensuring mission success and operational safety.
- Executed real-time flight operations, telemetry analysis, and anomaly resolution for [specific spacecraft or mission].
- Collaborated with engineering teams to optimize spacecraft performance and troubleshoot system anomalies.
- Developed and implemented operational procedures to enhance mission efficiency and reliability.
- Contributed to [specific mission or milestone], leading to [specific achievement, e.g., successful deployment, extended mission life, improved efficiency].
- Worked in high-pressure environments, making critical decisions in real-time to ensure spacecraft safety and performance.

Computer Numerical Control Programmer

prostoria ltd

06/2021 - 04/2023 Sveti Kriz Zacetje, Croatia

Company Description

- Highlight your accomplishments, using numbers if possible.

Computer Aided Design Programmer

Saga d.o.o.

01/2017 - 01/2022 Žepče, Bosnia and Herzegovina

Company Description

- Highlight your accomplishments, using numbers if possible.

Certificate
